

Greece Olympia Shows Teenagers' Good Side

By John R. Clark

On Oct. 19 a check for \$175.00 was presented to the Greece Volunteer Ambulance Service, Inc. from the students of Greece Olympia High School. This was raised by the Student Council, through donations from the students in conjunction with the election of the Homecoming Queen

On behalf of all the members of Greece Volunteer Ambulance, I would like to express our appreciation to the students.

It appears we hear only of the wrongdoings of the teenagers of today. Actually, these misdeeds are being done by a minority of their age group, but publicized by a majority of our age.

It is with great satisfaction that I am able to speak of the efforts and accomplishments of the great group of young people at Olympia High School.

867 Long Pond Rd.
